

Navratri Celebrations

8th – 17th October 2010, Bangalore

NAVRATRI

'Navratri' means Nine Nights, nights when you give rest to your body, mind and soul, by going deep within and resting in the very source from where you are born

Nine nights are precious as they have subtle energy. The subtle is enriched.

There are 64 divine mother impulses which govern the subtle creation. These are responsible for restoring all earthly and spiritual benefits. These nine nights are celebrated to rekindle those divine impulses and celebrate the innermost depth of our lives
